Heiress to the Warner Brother's fortune and legacy, Elizabeth Warner grew up in Hollywood. She's best friends with Misty Mayweather, they've been spotted partying at every club in LA in the past 15 years. Elizabeth was married to Detective Campbell for years and despite the split they remain on good terms. She met Laurie a month ago, fell madly in love, and tied the knot a few days ago.

## **ELIZABETH WARNER**

The biggest star of her time, Misty was catapulted to A-list status 15 years ago when she starred in the blockbuster "Love Me or Leave Me". She's famous not only for her acting but for her ability to party without stopping. She's done a few stints in rehab but nothing has been able to stick yet. She's married to her high school sweetheart Eugene Douglas (but hasn't taken his name for fear of losing recognition) who's still putting up with her. Desperate to stay relevant, Misty needs to do something big to get some of her former fame back.

## **MISTY MAYWEATHER**

A veteran detective of 15 years, Detective Charlie Campbell is a hard working lady. Despite her impressive record for solving murder cases, she's always been passed over for promotions. Perhaps the higher ups don't take her seriously after being married to Elizabeth Warner, Misty Mayweather's infamous best friend. Maybe solving one more big case will finally put her on the map.

After meeting her soulmate, Elizabeth, prominent entertainment lawyer Laurie Dunaway couldn't help but say yes when Elizabeth proposed after only a month. While Laurie is used to dealing with the legal issues of the stars, she's less familiar with socializing with them in her own home. Plus, she's still trying to get used to the presence of her new bride's ex wife, Charlie Campbell.

**LAURIE WARNER**

Just off the bus from Abilene, Texas, Heather is a fresh faced 19 year old hoping to make her big break in Hollywood. She idolizes Misty Mayweather, and credits her as the reason she became an actress. Although her resume is short, she's willing to do whatever it takes to make a name for herself.

**HEATHER HARDWELL**

Despite her efforts to produce hard hitting journalism, Kristina's work for the Tribune generally centers around celebrity politics and gossip. Kristina went to school with Misty and Eugene and while she stays in contact with Eugene, it's hard to say if Misty Mayweather would be able to pick her out of a crowd. She's hoping having the inside scoop on this party will give her a leg up in her career.

With a net worth over \$20 million, Evan Sterling is among the most successful movie producers of all time. He's worked with everyone, from Dean Martin to Misty Mayweather (there are rumors of an unreleased Sterling/Mayweather picture but no one's sure what happened there). His wife Tanya is a British socialite planted on the West Coast, and together they raise their only daughter, Erika.

Born to Russian diplomats, Tanya grew up all over Europe, but attended boarding school in England.

Tanya met her husband Evan Sterling in London back in '55 when she was 21 and he was 35. They moved to LA, were married within a year, and Tanya had her first and only child Erika a few months later.

Now, she's a British socialite trying to sustain her lifestyle on the West Coast. A bored stay at home mom, nights out are especially precious these days, and some of the only quality time she gets with her whole family. The Sterlings are the perfect couple and will make sure it stays that way.

**TANYA STERLING**

Erika is only 19 but she's already earned herself quite the reputation. The daughter of Evan and Tanya Sterling, she's used to getting whatever she wants and doesn't like being told no. While she has a long list of ex lovers, she's still hung up on her high school sweetheart, Dalton Dunaway. She's fed up with her dad trying to make her get a job, she'd be happy to spend his money and then marry rich but he's insistent on her networking and making a name for herself.

Curtis Cooke is brand new to Hollywood. After studying film in New York he decided it was time to make the move out West. Now he's finishing up his magnum opus screenplay and is hoping that tonight he finds some willing and established film professionals to help him make it. He'll do whatever it takes to prove himself.

**CURTIS COOKE**

Eugene's known Misty since freshman year of high school when they became instant sweethearts. He's stuck by her side ever since-- despite the ups and downs of her fame.

He's a devoted partner, or so it seems.

**EUGENE DOUGLAS**

Dalton is a sophomore at UC Berkeley studying Philosophy and Religion. He wouldn't be caught dead at a Hollywood party except that he's trying to be supportive of his big sister Laurie who just got married, and he's started up a friendship with a certain Heather Hardwell.

**DALTON DUNAWAY**

Dazzle Diamond (originally Alex Monroe) is a flamboyant and eccentric costume designer to the stars. Their outgoing personality and theatrical mannerisms make them the life of the party, but beneath the glitter and glamour lies a keen sense of observation and a knack for sniffing out gossip. Perhaps Dazzle stumbled upon a scandalous secret that someone would kill to keep hidden.

## **DAZZLE DIAMOND**

Not technically a guest, Rodney is the long time butler to Mrs. Elizabeth Warner, and now also works for the new Mrs. Warner. He's been with the Warner family for as long as anyone can remember, so no one really knows where he came from. Accustomed to dealing with the stars and their constant drama, Rodney is always a step ahead and can anticipate the needs of his employers and their guests to a t.
